- Delivered more than 300 projects at 40 Dow facility sites across North America
- Delivered more than \$100 million in service volume from 2002 to 2006
- Saved client \$38 million in documented value improvements so far

Project Description

CH2M HILL has been providing environmental and remediation services to DOW Chemical Company since 2002. We have delivered more than 300 projects at 40 Dow facility sites across North America alone.

From 2002 to 2006, CH2M HILL delivered more than \$100 million in service volume. Over the years, CH2M HILL has saved DOW more than \$38 million in documented value improvements.

CH2M HILL supports DOW activities worldwide including in China, Kuwait, Saudi Arabia, Thailand, and Malaysia.

Worked at Dow sites for more than 5 years with only one minor injury—winning safety awards for our record at West Virginia and Fort Saskatchewan sites.
